6. Select image from your device.

7. Click "Upload"

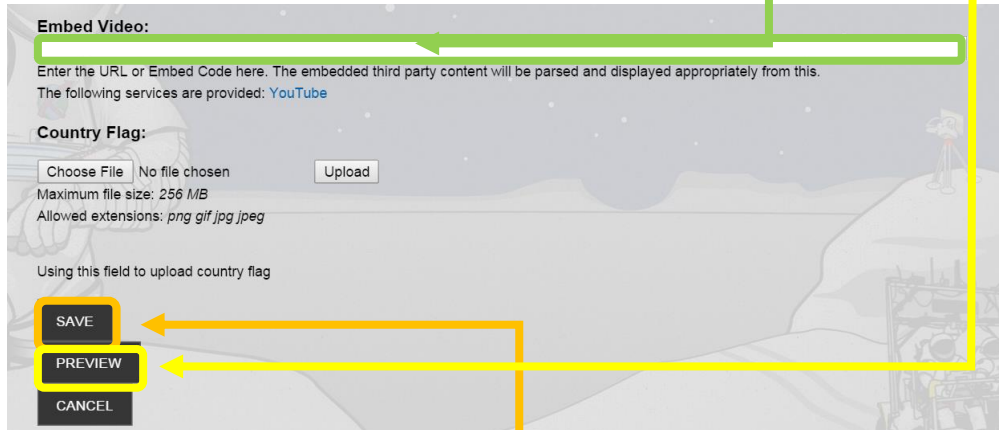

8. When uploading is complete, the following screen will appear. Complete the fields. If this image is incorrect, please click on "Remove".

9. If adding more images please click on "Add another item". Follow the same instructions starting at step #4.

10. To upload a video, enter the URL from YouTube. Click on “Preview” to view display before it’s available on the website.

The screenshot shows a form with the following sections:

- Embed Video:** A text input field with a green arrow pointing to it from the instruction above. Below it, text reads: "Enter the URL or Embed Code here. The embedded third party content will be parsed and displayed appropriately from this. The following services are provided: [YouTube](#)".
- Country Flag:** A file upload section with a "Choose File" button (displaying "No file chosen") and an "Upload" button. Text below indicates "Maximum file size: 256 MB" and "Allowed extensions: png gif jpg jpeg".
- Buttons:** At the bottom left, there are three buttons: "SAVE", "PREVIEW", and "CANCEL". A yellow arrow points from the instruction above to the "PREVIEW" button, and another yellow arrow points from the "PREVIEW" button to the "SAVE" button.

If all is correct click on “Save”.
